AMS URBAN PLANKS

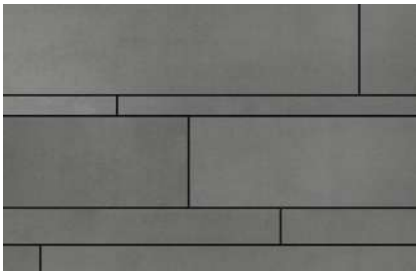
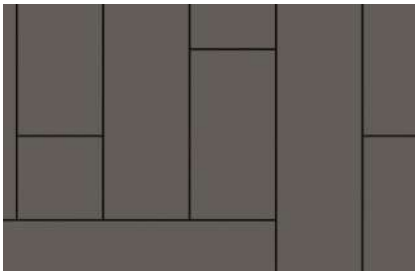
1,000 SQ FT PALLETS
READY TO SHIP



TECTIVA *9 colors*

TECTIVA is a through-colored facade material, characterized by a sanded surface and naturally occurring hues within the material. Every TECTIVA panel is unique, strongly expressing the raw texture of the fiber cement material.



NATURA *27 colors*

NATURA is a through-colored facade material. Every NATURA panel is unique, subtly displaying a smooth monolithic finish with visible fibers.

LINEA *9 colors*

LINEA is a unique 3D shaped, through-colored facade material that plays with light and shadow.
