THE BASIS OF DESIGN

WE'VE GOT YOU COVERED.

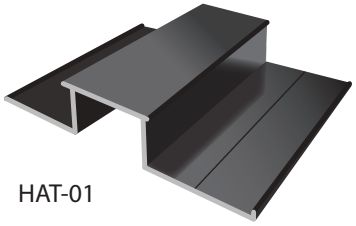
SUBSTRUCTURE

Finish: Aluminum, Painted Black

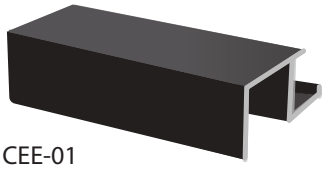
Projection: 1"

Material Thickness: .090"

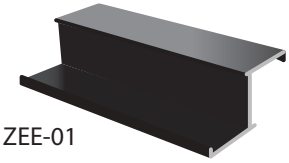
Length: 12'



HAT-01



CEE-01



ZEE-01

Rustproof

- Unlike steel or wood, aluminum performs extremely well in humid conditions

Lightweight

- Aluminum is about half the weight of steel

Strong

- Aluminum meets or exceeds most building codes for strength

Invisible

- Finished black so that it is invisible behind any panel system

Economical

- The ratio of strength-to-weight equals more value for less weight

Long-lasting

- With an almost indefinite life expectancy, will not deteriorate

Environmentally Friendly

- Made with recycled metal and is 100% recyclable

READY TO SHIP

In stock at local AMS facilities for immediate delivery.
